GHIN Handicap

The United States Golf Association (USGA) develops the formula used to tabulate handicaps for licensed golf clubs, which is the GHIN System. All league members, except Golf 101 members, are required to pay a GHIN handicap fee as required by the USGA.

Ladies are required to enter all 18-hole scores into the GHIN systems that are played at home or away when playing outside of league events. League scores will be entered into the GHIN system in a timely fashion. New players without a GHIN handicap will be assigned an appropriate handicap based on scores in consultation with the Juniper Hill Golf Pro until an official handicap can be established. The GHIN System will automatically combine together 9-hole scores to create an 18-hole total for handicap calculation.

League Start Times and Format

Each week you must sign in at the back room of the Juniper Hill Golf Course and begin play between the hours of 3:00 p.m. and 5:30 p.m., unless otherwise stated by league. (Volunteers will be allowed to play no earlier than 2:30 p.m. to cover league duties.) The Golf 101 group will begin play at 5:30 p.m. each week. Ladies may play prior to league play but must play the opposite side they will be playing for league competition.

The league format is make your own group, preferably a foursome, upon arriving at the course so as to keep the tee full at all times. However, you may play with less than four, but must play with at least one member of the league.

Inclement Weather:

If the League Administrator, after consultation with the Juniper Hill Golf Pro, determined that the weather is deemed unacceptable for play due to rain, lighting, temperatures either too hot/cold, or other impending weather conditions, league play will be cancelled. If any of those weather conditions occur and league play is interrupted, there will be a maximum 30-minute delay before cancelling competition at which time no winners will be awarded prizes.

Flights

Members, except Golf 101, will play from the red tee markers, unless otherwise agreed upon by the league. Golf 101 members will play from the Wildcat tees.

League competition is flighted by handicap based on the GHIN system. New members without an official handicap will be assigned a handicap based on scores until an official handicap is established. The League Night Committee Chair will determine the handicap ranges per flight, but generally the flights are broken down as follows:

- Division 1 will include all golfers with handicaps 0 – 29.
- Division 2 will include golfers with handicaps 30 - 54.

Each week Division 1 will play one side of the golf course, and Division 2 will play the other side unless there is a special event scheduled. A Division 2 player with handicap of 33 or less may “declare up” and play in Division 1 but must play with a 29 handicap - the maximum handicap allowed. Division 1 players choosing to play in Division 2 may do so but will not be eligible for prizes.

You must play and have your scorecard attested by a fellow league member. Spectators are allowed during league play but must remain at least 30 yards from players at all times. No coaching or caddies are allowed.

Scorecards

Each member will be provided with a scorecard during league play. Print your name (one name per card) and handicap on the card. Record your score, counting all strokes, including whiffs. **For Golf 101, you will pick up your ball after ten strokes if the ball is not in the hole on the 10th stroke and enter a circle 10 on your scorecard.**

Total your score showing handicap and gross and net score. Date, sign and have another golfer in your group attest your card. Leave the scorecard on the sign-in table. ***Improperly completed scorecards will not be considered for prizes.***

Chip-In Pot

A chip-in pot (\$.50) will be available when you sign-in for play. If you want to participate, place your money in the chip-in can and sign the chip-in sheet prior to playing. It is your responsibility to circle your name if you have any chip-ins after play on the sheet and indicate the hole(s) you chipped in. The money collected each evening will be distributed evenly among the winners the following week. In the event there is no weekly winner, the pot will carry over to the next week. If you do not complete your round, you will still receive your share of the chip-in pot.

Birdie/Par Tree

The league will have birdie and par trees on the bulletin board in the hall near the bathroom. Ladies in Division 1 and 2 who have a birdie can write their name on the birdie tree on the appropriate hole and the date. Division 2 and Golf 101 ladies can add their name to the par tree.

Weekly Winners, Prizes and Awards

Players must play with another league member to be eligible for prizes who will attest your scorecard. Ladies may only win two weeks in a row. Prizes will be awarded based on a point system and will be distributed at the end-of-the-year awards meeting.

- ***Weekly winners are awarded as follows:***
 - Two lowest gross scores (actual stroke total)
 - Two lowest net scores (actual stroke total minus the player's GHIN handicap)
 - Ties for low gross or low net will be determined by a scorecard playoff (SCP) starting with the hardest handicap hole played.
 - Golf 101 players are awarded prizes for gross scores only up to 4 places depending on the number of players each week. If you have a "Circle 10", you are not eligible for prizes that week.

League Tournament: The best two rounds (front and back) of golf in the month of August will be used for league tournament scores. Handicaps will be based on the August 1 revision report for the duration of tournament scoring.

Rules for League Play:

The Late Swingers' league adheres to the Juniper Hill Ladies Golf Club Rules and local rules established by the Juniper Hill Golf Pro. These rules can be located on the JHLGC website at: <http://www.jhlgc.org/>.

Most Improved Golfer Criteria:

The USGA Handicap System" manual provides the following formula to determine the Most Improved Golfer, which is awarded to a member of the Late Swingers' league at the end of the year. The following formula is used to determine the Most Improved Player:

- Add 12 to the player's Handicap Index at the start of the season. This is value A.
- Add 12 to the player's Handicap Index at the end of the season. This is value B.
- Divide value A by value B, calculating to three decimal places. This is the improvement factor. The player with the highest improvement factor should receive the most improved player award.

"The USGA Handicap System" manual is available to view online at:
<http://www.usga.org/playing/handicaps/manual/manual.html>.
