events during the play – Sheets will be out later.

RULES

Out of Bounds – Local Rule – A ball may be placed where the original ball crossed out of bounds by going to the closest entry into the fairway and taking a two club length entry into the fairway. The ball can be placed anywhere behind the line between where it went out of bounds or was lost and the point after the 2 club lengths into the fairway. Golfer will take a 2 stroke penalty. (Player does not have to return to place where ball was hit and hit again – stroke and distance)

#13 – If 2 balls are put in water the Player **must** cross over bridge to drop area.

If the ball crosses over the water but bounces back into water

it may be laid up on green side of water with a one stroke penalty. (Example: Ball hits tree and bounces backwards) Ball has to clear hazard lines.

Rain out Chip-In

If play is not finished but a chip-in is made, the players are able to take their part of the chip-in pot.
