GHIN Handicap

The United States Golf Association (USGA) develops the formula used to tabulate handicaps for licensed golf clubs, which is the GHIN System. All league members, except Golf 101 members, are required to pay a GHIN handicap fee as required by the USGA.

Ladies are required to enter all 18-hole scores into the GHIN systems that are played at home or away when playing outside of league events. League scores will be entered into the GHIN system in a timely fashion. New players without a GHIN handicap will be assigned an appropriate handicap based on scores in consultation with the Juniper Hill Golf Pro until an official handicap can be established. Handicaps will be established after fifty-four (54) holes of golf are played. A player must also play seven (7) of the nine (9) holes to constitute a round of golf for handicap purposes. The GHIN System will automatically combine 9-hole scores to create an 18-hole total for handicap calculation.

League Start Times and Format

League will begin on Thursday, April 14th. Each week you must sign in at the course Juniper Hill Golf Course and begin play between the hours of 1:00 p.m. and 5:30 p.m., unless otherwise stated by league. Tee times MUST be made. The Golf 101 group will begin play at 5:30 p.m. each week. At this time, all ladies will play the same side of the course, alternating sides each week.

The league format is make your own group, preferably a foursome, upon arriving at the course to keep the tee full at all times. However, you may play with less than four, but must play with at least one member of the league.

Incident Weather:

If the League Administrator, after consultation with the Juniper Hill Golf Pro, determine that the weather is deemed unacceptable for play due to rain, lightning, temperatures either too hot/cold, or other impending weather conditions, league play will be cancelled. If any of those weather conditions occur and league play is interrupted, there will be a **maximum** 30-minute delay before cancelling competition at which time no winners will be awarded prizes.

Flights

For 2022, all players will play from the same nine (9) holes unless otherwise advised by the League Administrator. Members, except Golf 101, will play from the red tee markers, unless otherwise agreed upon by the league or Handicap Committee. Golf 101 members may be provided with special tees.

League competition is flighted by handicap based on the GHIN system. The League Night Committee Chair will determine the handicap ranges per flight. Refer to 2022 JHLGC Rules for more information.

Scorecards

Each member will be provided with a scorecard during league play. Print your name (one name per card) and handicap on the card. Record your score, counting all strokes, including whiffs. Below your hole score, enter your putts. **For Golf 101, you will pick up your ball after ten strokes if the ball is not in the hole on the 10th stroke and enter a circle 10 on your scorecard.**

Total your score showing handicap, gross score, net score and total putts. Date, sign and have a fellow league member in your group attest your card. Leave the scorecard on the sign-in table. ***Improperly completed scorecards will not be considered for prizes. Even if you have a bad game, all scorecards must be turned in to determine an accurate handicap.***

Chip-In Pot

A fifty cent (\$.50) chip-in pot will be available when you sign-in for play. If you want to participate, place your money in the chip-in can and sign the chip-in sheet prior to playing. It is your responsibility after play to circle your name on the sheet and indicate the hole(s) you chipped in. The money collected each evening will be distributed evenly among the winners the following week. In the event there is no weekly winner, the pot will carry over to the next week. If you do not complete your round, you will still receive your share of the chip-in pot.

NEW FOR 2022 – Ringer Sheet

Members will be responsible for managing your Ringer Sheet, which is set up to see how you improve throughout the season. Members enter their first full 9-hole league score on their Ringer Sheet in ink. **You never change the original total score.** The next week you enter the lowest score in the second line using a pencil. Each week thereafter, if you better your score on a particular hole, you change the second line of the Ringer Sheet to reflect the better score. You also record birdies (or better) and chip-ins on the lines provided on the ringer sheet. Only birdies (or better) and chip-ins may be added to a Ringer Sheet when the player is playing a match play round.

Points (\$) will be given for participation, chip-ins, putts, hole-in-one, eagles, birdies, perfect attendance, ringer sheet, August tournament and most improved player and for first and second low gross and low net in each flight.

If you play the Wildcat tees temporarily (due to injury or medical reasons), your Ringer Sheet scores MAY NOT be changed.

If the League Chair or the Golf Pro cancels play before a player has completed a round or if a player voluntarily stops their play for any reason, the Ringer Sheet MAY NOT be changed. If seven (7) holes have been played and play is cancelled, the Ringer Sheet may be updated for those holes actually played.
